Mother Nature Is On Our Side

It feels almost serendipitous to wrap up our weekend-long, 70th Platinum Anniversary celebration with snow in the skies and [Mother Nature on our side](#). It's almost as if she's singing happy birthday to us with a gift of [5 inches of snow \(and counting\)](#) and a forecast full of base-building, snowmaking temps in the days to come.

We kicked off the week, [continuing our efforts on all three sides of the mountain](#), including a slope we haven't skied yet this season, Eye Opener - stay tuned for the upcoming opening of the slope. We see you winter! We know your return means expanding terrain and pow days ahead. Boot up, and don't miss winter's return (we've heard she's here to stay).

As we continue to paint the mountain white once again, we look back at 70 years on the mountain with hearts glowing and awe in our eyes at how far we have come. Although Platinum Weekend is over - the celebration is just getting started - join us all winter long for the continuation of [Platinum Deals](#), decades display in the McHenry Lodge, [events all across the mountain](#), and in case you missed the viewings of ["Making of Maryland's Ski Resort - Tribute to A True Pioneer"](#), you can now watch it whenever you'd like, as many times as you'd like at [wispresort.com](#) and on [YouTube](#).
